

**PART I - SECTION B  
SUPPLIES/SERVICES & PRICE/COST**

**NOTICE:** Funds are not presently available for this contract. The FAA's obligation under this contract is contingent upon the availability of appropriated funds from which payment for contract purposes can be made. No legal liability on the part of the FAA for any payment may arise until funds are made available to the Contracting Officer for this contract and until the Contractor receives notice of such availability, to be confirmed in writing by the Contracting Officer.

---

**Identification of Supplies/Services**

The contractor will be responsible for design and construction of the test vehicle system as set forth in Section C.

The North American Industry Classification System (NAICS) code is 336411 (Aircraft Manufacturing) and the size standard is 1500 employees.

The contractor shall provide supplies and services necessary to accomplish tasks described in Part I – Section C under a contract resulting from this Screening Information Request (SIR).
